

# NAPLES MUSIC CLUB

Welcomes Home Pianist Alden Gatt

Naples-born pianist Alden Gatt, 21, began his musical training at age eight. Before graduating from The Community School of Naples, Alden won top awards in many local and regional piano competitions, including the Naples Music Club's highest award, the Turiel. This spring, he will earn a degree in piano from Eastman School of Music, where he studies with Barry Snyder. Alden lived in Beijing with a Chinese family during his junior year in high school and will receive a minor in Chinese from the University of Rochester as well. His short spring break from college is allowing him to return to his hometown for this special Naples Music Club concert.
